- Regulatory Compliance (HIPAA, FedRAMP)
- Software Testing (Functional)
- Ticketing Systems (ServiceNow, Zendesk, Remedy)
- Video & Collaboration Tools: Zoom, Slack, Microsoft Teams, Google Meet, WebEx

## PROFESSIONAL EXPERIENCE

### Sr. Technical Support Engineer,

8x8 Inc | Hockley, Texas

02/2025 – Current

- Provide customer support through phone and ticketing systems, delivering timely and accurate assistance for 8x8 products and services.
- Troubleshoot technical issues related to the 8x8 platform, working toward first-contact resolution and escalating complex or high-priority cases when necessary.
- Perform configuration changes in customer 8x8 environments and guide users through onboarding and setup using remote screen-sharing tools.
- Communicate effectively with both technical and non-technical users, tailoring explanations to each customer's level of understanding.
- Utilized Oracle Cloud Infrastructure (OCI) to review logs and assist in diagnosing platform issues.

### Sr. Product Support Specialist,

Helium 10 / Pacvue | Hockley, Texas

05/2023 – 02/2025

- Oversee the completion of assigned Tier 3 tickets, educate customers on proper usage, and collaborate with Product teams to resolve issues.
- Collect and summarize customer feedback and product usage issues for communication to Product teams.
- Provide "voice of support" feedback to proactively address customer issues and influence product changes.
- Document common troubleshooting issues, support readiness materials, and frequent customer inquiries for internal FAQs/training and external help center articles.
- Communicate cross-functionally using a ticketing system to convey issues without guidance.

### **Quality Engineer,**

Zoom Video Communication | Hockley, Texas

**07/2021 – 02/2023**

- Created detailed, comprehensive, and well-structured test plans and cases for enterprise-level projects.
- Estimated, prioritized, planned, and coordinated quality testing timelines.
- Debugged mobile applications using ADB, Xcode, and device logs to resolve technical issues.
- Reviewed quality specifications and technical design documents to provide timely and meaningful feedback.

### **Technical Support Engineer,**

Zoom Video Communication | Overland Park, Kansas

**05/2019 – 07/2021**

- Identified bugs, reported to the engineering team, and assisted with testing/validating bug fixes.
- Provided support for mobile (iOS, Android) and PC (Windows, Mac) SDK integrations, assisting developers with debugging and troubleshooting issues.
- Resolved over 95% of cases without escalation and improved internal and external support documentation.
- Prioritized work based on severity and urgency while balancing client and business needs.
- Provided support with troubleshooting and resolving technical issues escalated from end-users to adhere to SLA.

### **Technical Solutions Analyst,**

Cerner Corporation | Kansas City, Kansas

**11/2016 – 05/2019**

- Followed ITIL guidelines and best practices for ITSM, aligning IT services with Cerner's policies.
- Conducted complex troubleshooting investigations using frontend and backend methods, including capturing log files, querying database tables, updating database fields, performing server recycle activities, validating application services, shadowing end users and testing workflows.
- Supported healthcare system integrations by reviewing HL7 message data, interface logs, LDAP authentication configurations and database records during complex troubleshooting investigations.

### **IT Support Analyst,**

KAM Info Group | Houston, Texas

**04/2016 – 09/2016**

- Installed and performed minor repairs to hardware, software, and peripheral equipment following design or installation specifications.
- Referred major hardware or software problems to vendors or technicians for service.
- Set up equipment for new and existing employees, ensuring proper installation of cables, operating systems, and appropriate software.

### **Deskside Support Intern**

Reed Smith LLP | Houston, Texas | 03/2015 – 01/2016

- Provided application and hardware support, resolving issues swiftly to maintain productivity in a fast-paced environment.
- Maintained meticulous records of all support activities, contributing to improved tracking and accountability.
- Managed equipment setup and provided training to new staff, enhancing their onboarding experience.

## **EDUCATION**

- **UT Coding Boot Camp, Remote, Texas** **2025**  
Certificate, Web Development
- **Keller Graduate School of Management, Houston, Texas** **2015**  
Master, Information Systems Management
- **Ambrose Alli University, Ekpoma, Edo State, Nigeria** **2007**  
Bachelor, Agricultural Economics
